Commissions: Momence SDR

How Do Commissions Work?

Each SDR has a ***monthly variable.*** Earned commissions are paid on the 15th of the following month in which they are earned. SDRs can use QuotaPath to track commissions. Each month, commissions statements are sent in CSV format from Google Drive.

How To Access Commission Statements

1. Email notification to your momence.com email address
2. Notification to the Slack Google Drive app **if installed in Slack**
3. Google.Drive.com “Shared with me” section

How Does The Monthly Variable Work?

Example:

Monthly Variable is $2,000 ($24k per year / 12 months)

Monthly SAL Quota is 10 SALs

Formula: *$2,000 / 10 SALs = Payout Rate Per SAL*

Payout Rate Per SAL **$200**

SDR Ramp Schedule

First Full 30 Days - 4 Meetings Booked Quota (depending on Start date and Go Live date) Example Start date: September 1st

Next 30 (60 Days) - 5 SAL Quota [*No Basement*] October

Next 30 (90 Days) - 10 SAL Quota [*No Basement*] November

Next 30 (120+ Days) - 10 SAL Quota [**50% Basement**] December + all future months

First 30 Days

Meeting Set Quota: 4

Example scenario:

Monthly Variable: **$1,500** [75% of Full Monthly Variable at $2k]

Quota: **4 Meetings Set** with correct Persona via Demo Qualification Parameters

Attainment: **3 Meetings Set**

Payout Per Meeting Set: $1,500 / 4 = $375

= $375 x 3 Meeting Set = $1,125

First 60 Days

Monthly SAL Quota [*No Basement*] - **5 SAL**

Example scenario:

Monthly Variable: **$2,000**

Quota: **5 SAL**

Attainment: **3 SAL**

Payout Rate Per SAL: $2,000 / 5 SAL = $400 Per SAL

= 3 SALs x $400 = $1,200

The same payout rate applies above 100% to goal

First 90 Days

Monthly SAL Quota [*No Basement*] - **10 SAL**

Example scenario:

Monthly Variable: **$2,000**

Quota: **10 SAL**

Attainment: **8 SAL**

Payout Rate Per SAL: $2,000 / 10 SAL = $200 Per SAL

= 8 SALs x **$200 =** $1,600

The same payout rate applies above 100% to goal

First 120 Days + All Future Months

Monthly SAL Quota [*50% Basement*] - **10 SAL**

Example scenario:

Monthly Variable: **$2,000**

Quota: **10 SAL**

Attainment: **4 SAL**

Payout Rate Per SAL: $2,000 / 10 SAL = $200 Per SAL

= 4 SAL / 10 SAL Quota = 40% Attainment = **No Payout**

The same payout rate applies above 100% to goal

Accelerators + Eligibility

1. Closed Won Bonus – **$500**
    a. If an SDR sources $10,000 of Revenue in any given month
2. ***** SQL Rate % [70%+] – **$600** page 20
    a. ** Must be 80% or more on Monthly SAL Quota to qualify
3. ***** Monthly Quota Attainment I [116% or 12 SALs] – **$500**
4. ***** Monthly Quota Attainment II [133% or 14 SALs] – **$750**
5. ***** Quarterly SAL Quota Attainment [116%+] – **$2,000**
    a. Outbound Lead Source only

** **Fully Ramped to qualify** referenced on page 20 here*

*** Must be 80% or more on Monthly SAL Quota to qualify*

What To Do If You Have Statement Issues/Questions

1. You can leave comments in the statement CSV and tag your manager and jake.riffice@xplortechnologies.com & guido.apelbaum@xplortechnologies.com
2. Slack your manager

Terms

1. **SAL – “Sales Accepted Lead”**

→ Determined by an AE: if the booked demo meets the **Demo Qualification Criteria** = SAL

2. **SQL – “Sales Qualified Lead”**

→ Determined by an AE: if the SAL is moved to Stage 1 (Advanced Talks) = SQL

→ An “SQL” is considered by an AE as closable, a real opportunity

Terms II

3. SQL Rate – the rate at which SALs become SQLs

→ For SDR commission purposes, this typically is calculated monthly as follows:

SQLs / SALs. Example: Fred the SDR had 9 SALs in one month. Out of those 9 SALs, 6 became SQLs. What is his SQL Rate?

6/9 = 67%

4. Basement – the basement is considered 50% of whatever the monthly quota is

5. Accelerator – a one time bonus applied monthly, or quarterly

Terms III

6. Fully Ramped – an SDR is considered “Fully Ramped” once they complete their first full quota month without a basement
